Mission

Foundation Academy partners with families and the church to build a firm foundation for life through Christ-centered education.

Vision

Building a Foundation for Life

Authority of Scripture – God is truth and His Word conforms to Him. The Bible is God's revelation of creation, the fall, redemption, and restoration. His Word is inerrant and the foundation of all we know to be true about this world and God's Kingdom, both here and in heaven.

Spiritual Formation – Parents are the stewards of their children's spiritual formation while the school partners in developing students' devotion to Jesus. Through pathways of faith and reason, Foundation Academy commits to the highest purpose of developing fully devoted followers of Jesus. This is the highest call, impacting the trajectory of a student's life. The administration, faculty, and staff commit to do so by living, leading, and modeling the life of a Jesus follower.

Academic Excellence – Academic pursuits and growth in knowledge are lifelong disciplines that expand our understanding of truth and grow our ability to see and understand the nature of reality. God has gifted each student with the ability to reason and grow in their academic pursuit. We seek to pursue excellence by guiding every student to give their very best, in order to reach their God-given potential.

Individual Purpose – God has created each of us uniquely, gifting us with the perfect set of skills and spiritual gifts to advance His Kingdom. This offers each person intrinsic value of purpose and meaning. Even more so, each person is a son or daughter of the King, deeply loved and valued. This intrinsic value will be taught, encouraged, and emphasized, elevating our student's view of themselves and impacting their self-esteem and self-worth.

Authentic Servanthood – Fully devoted followers of Jesus naturally embrace servanthood. To place others before ourselves is to emulate humility. This missional outcome propels us to care for others, serving as Jesus served and loving as Jesus loved.

Commitment to Community – We are part of a New Testament community of faith, seeking to build each other up and walk in faith. We strategically commit to walk in unity as we seek to make Jesus known and lead those within our care. We do so together, knowing Jesus has commanded us to love one another. This community of faith will be our greatest strength as we push towards greater Kingdom growth.

LOVE: First and foremost we want our graduates to be immersed in the love of God being taught through His example of how to love others.

Luke 10:27 - *He answered, "Love the Lord your God with all your heart and with all your soul and with all your strength and with all your mind"; and, 'Love your neighbor as yourself. "*

LEARN: We strive to provide our students with rigorous academia that not only promotes learning within our walls, but a hunger for learning that stays with our graduates for a lifetime.

Proverbs 1:5,7 - *Let a wise person listen and increase learning, and let a discerning person obtain guidance—The fear of the Lord is the beginning of knowledge; fools despise wisdom and discipline.*

LEAD: Through love and education, we pray our graduates will lead their generations and positively affect their communities with the love of God.

1 Timothy 4:12 - *Don't let anyone despise your youth, but set an example for the believers in speech, in conduct, in love, in faith, and in purity.*

SPIRITUAL DEVELOPMENT

Spiritual Development at Foundation Academy begins with immersive biblical worldview training—an initiative launched this past year to equip faculty first, ensuring every teacher sees and teaches through the lens of Scripture. Faculty are equipped to understand that a biblical worldview is not something you look at, but something you look through. This training helps teachers recognize and respond to competing worldviews and, in turn, teach students to do the same. Once grounded in this framework, teachers intentionally shape their classrooms around biblical truth, guiding students to interpret reality, identity, morality, and purpose through the authority of God's Word.

This foundation is strengthened by a campus culture that encourages personal spiritual formation at every level. Teachers intentionally weave biblical themes into classroom content and conversation. Weekly chapel gatherings guide students in vertical worship and gospel-centered teaching, with programming that builds in theological depth as students progress through the grades. Mentoring, prayer initiatives, and strategic church partnerships further help students grow in their relationship with Christ. These rhythms of formation are designed to develop students who think critically, love sacrificially, and live faithfully in response to God's truth.

In the past two years, more than 140 students have taken the bold step of baptism, publicly declaring their faith and choosing to follow Jesus. These decisions reflect more than a moment; they are markers of transformed lives and eternal purpose. Foundation Academy exists to help students not only encounter the gospel but also answer its call to deny self, follow Christ, and commit their lives to the greater, eternal work of God's Kingdom.

ARTS @ FA

Choir

The Foundation Academy Upper School Choir Program is designed to help students explore choral music through study and performance. They believe the study of music and lifting song up to the Lord provides sensory, mental, emotional, and social experiences beneficial to any who take part. It is the goal of their program to provide a safe, Christian environment for students to use their talents to glorify God.

Digital Arts

The Foundation Academy Digital Arts Program's primary focus is Adobe Photoshop. While their primary digital art tool is the computer, the class uses conventional methods in creation, such as color theory, texture, form, and shape. Merging traditional and modern means of creation inspires creativity and doesn't limit students in using their minds in the process.

Multimedia & TV

Foundation Academy desires to provide creative and technical foundations to become a positive influence in the area of media and entertainment. The skills learned in this class will be helpful in creating projects for other classes as well. Students are encouraged to use the talents they have been given to glorify God by seeking to make choices that are pleasing to God. Currently technology now allows FA to provide cutting edge equipment to enhance the learning experience while preparing students to develop valuable communication skills.

Theatre Arts

In the Foundation Academy Theatre Arts Program, the aim is to provide a safe, Christian environment for students to use their talents to glorify God. In a world full of darkness, God calls FA students to use the gifts He's given to be a light.

Visual Arts

Foundation Academy's Visual Art Program allows students to explore various art mediums while applying the Elements of Art and Principles of Design. Students work in a studio environment creating artwork in 2D and 3D forms.

Steel Drums

One of FA's most popular arts programs. The program utilizes the unique sound of steel drums to learn and discover a broad range of music.
